5-Star Rated

***At busy times, because all your meals are freshly
cooked to order, there could be a bit of a wait***

'Please be patient with us, its worth the small wait!'

ALLERGENS & SMALL PRINT

Sorry! The small print. While we have procedures for segregating preparation within meals and drinks, kitchen and bar service may involve shared preparation/cooking areas. Unfortunately with all (vg) (v) (vg + v) (gf) meals we cannot guarantee a 100% completely allergen-free environment or allergen-free products, our team aim to keep these meals as 100% vegan & vegetarian or gluten free as possible, but our kitchen also cooks with meat and dairy products so cross contamination may occur.

Further allergen information guides can be found on the app or by visiting www.wapubsapp.com and on the allergen guide poster in the pub.

Our team is unable to offer any specific advice or recommendations regarding allergens & you must assume that every drink or dish may contain all allergens.

Due to the restricted size of our kitchen some vegetarian or vegan dishes might be cooked in oil that has been used for meat and fish. We buy boneless fish fillets, but sometimes people do find the odd small bone. We do not add any service charge to your bill. Tips are entirely up to you. All tips are shared between the staff that looked after you and the house does not take a share.

Any mistakes are deliberate!
